

Studio Movie Grill in Plano

Today I took my family to Studio Movie Grill in Plano. We attended the morning matinee which was only \$5.00 each. The theatre is a great setup including small tables and then long tables are also throughout the theatre. We were pleasantly pleased with the comfortable chairs as well. When you purchase your ticket you get a paging device which you can use to order drink refills or food throughout the movie. It definitely solved our issue of what to do first - eat or see a movie. We enjoyed Marley and Me while eating a full and very tasty meal. This is a win for us and we will definitely return.
